AUTOGRADER MACAO AGE14 K

Min. ground clearance of front axle: 560 mm

Min ground clearance of rrear axle: 500 mm

Wheel tread: 1865 mm

Wheel base front / tear: 6840 mm

Wheel base of rear axle: 1650 mm

Max speed: forward / reverse 40 km / h / 33 km / h

Gearbox type: Fixed shaft power stage

Gears four forward four reverse

Tire type: 17,5 – 25

Engine : Cummins

Rated power: 120 kw

Open type system hidraulic

System pressure 16 Mpa

Diesel fuel 230 l

Hydraulic oil 150 l

Overall weight 14 400 kg

Max swing angle of front axle + - 12 grade

Max steering angle of front wheel: + - 45 grade

Blade size: 3650 – 590 – 20

Blade plate diameter: 1610 mm

Steering angle of articulated frame: + - 25 grade

Steering angle of blade: 360 grade

Ground clearance of blade: 450 mm

Cutting depth of blade: 360 mm

Indication angle of blade: forward 23 grade backward 10 grade

Sliding range of blade: left 600 mm , right 600 mm

Lama pe fata : Da

Scarificator: Da
